INDEX VOLUME IX, 1966

Adjustment, successful, to industrial research: How can university and industry assist?, 5

Argyris, Chris: Interpersonal competence, organizational milieu, and innovation, 71

Beckler, David: Strategic federal decision-making on R&D, 319

Beer, John J.: Why look back? The function of history in industrial research organizations, 101

Bobis, Arthur H., and Sprague, Christopher R.: An exercise in long-range planning, 391

Bowie, R. M.: Factors affecting long-range research planning in the electronics industry, 29

Collier, Donald W.: Programming research in a decentralized multidivisional company, 161

Control of research and development, 15

David, Edward E., Jr.: The schizophrenia of engineering education, 381

Developing countries, research and progress in, 181

Education, and industrial research; catalysis of symbiosis, 277

Engineering education, schizophrenia, 381

Federal decision-making, strategic, on R&D, 319

Finance and productivity in industrial R&D, 261

Finniston, H. M.: The research program and company policy, 229

Flagg, J. F.: How a laboratory's service functions can contribute to the efficiency of researchers, 37

Flitcraft, R. K.: Remarks on J. F. Flagg's paper, 43

Forrester, Jay W.: Social structure and motivation for reducing research costs, 45

Gmitter, George T.: The industrial R&D scientist and his environment, 115

Goeschel, Heinz: Gearing research into overall company activity, 283

Gorog, I.: Successful adjustment to industrial research: How can university and industry assist? 5

Graduate school to industrial research, transition from, 109

Haggerty, Patrick E.: Strategies, tactics, and research, 141

Hershey, Robert L.: Finance and productivity in industrial research and development, 261

History's function in industrial research organizations, 101

India, organizing industrial research in, 351

Industrial and academic research, similarities and differences between, 211

Industrial R&D scientist and environment, 115

Interpersonal competence, organizational milieu, and innovation, 71

Interview, Ph.D., reflections on, 307

Japanese industry, research in, 301

Kojima, Satoshi: Research in Japanese industry, 301

INDEX VOLUME IX (1966)

Laboratory's service functions, how can contribute to efficiency of researchers, 37

Long-range planning, an exercise in, 391

Long-range planning for consumer industry, 221

Long-range research planning, factors affecting, in the electronics industry, 29

Marcy, Willard: The endowment of science by invention, 371

Martin, W. S.: Long-range planning for a consumer industry, 221

Nissan, Alfred H.: Similarities and differences between industrial and academic research, 211

Oceanography, industry in, 193

Petroleum and petrochemicals, research and long-range planning, 247

van Raalte, John A.: Reflections on the Ph.D. interview, 307

Research, gearing it into overall company activity, 283

Research, programming it in a decentralized multidivisional company, 161

Research costs, social structure and motivation for reducing, 45

Research–marketing–finance team, strengthening, 339

Research program and company policy, 229

Salzberg, Paul L.: Catalysis of symbiosis: Industrial research and education, 277

Sanders, G. S.: Training of management in research, 365

Science, endowment of, by invention, 371

Smith, F. G. Walton: What is there for industry in oceanography?, 193

Soistman, E. C.: Research and development can be controlled, 15

Sprague, Christopher R.: see Bobis, Arthur H.

Staley, Eugene: Research and progress in the developing countries, 181

Stokes, C. A.: Strengthening the research – marketing – finance team, 339

Strategies, tactics, and research, 141

Subramanian, S. K.: Organizing industrial research in India, 351

Tietjen, J. J.: The transition from graduate school to industrial research, 109

Training of management in research, 365

Tuttle, W. Noris: Remarks on J. W. Forrester's paper, 61

White, Philip C.: Research and long-range planning for petroleum and petrochemicals, 247

Research Management

BOARD OF EDITORS

R. N. DuPuis, *Chairman,* **A. G. Anderson, D. H. Clewell, H. I. Fusfeld, T. H. Vaughn, Louis Marshall,** *Secretary,* **F. L. Cuthbert,** *ex officio*

ADVISORY EDITORIAL BOARD

Dr. J. A. Hipple, *Chairman; Vice President and Director of Research,* North American Philips Company, Inc.

Dr. D. W. Collier, *President,* Industrial Research Institute, Inc.; *Vice President–Research,* Borg-Warner Corporation

Dr. W. M. Bright, *Senior Vice President,* Industrial Research Institute, Inc.; *Vice President,* R. J. Reynolds Tobacco Company

Dr. W. E. Hanford, *Vice President,* Industrial Research Institute, Inc.; *Vice President for Chemicals Research and Development,* Olin Mathieson Chemical Corporation

Dr. G. L. Royer, *Past President,* Industrial Research Institute, Inc.; *Administrative Director,* Stamford Research Laboratories, American Cyanamid Company

Dr. E. S. Proskauer, *Vice President,* Interscience Publishers Division, John Wiley & Sons, Inc.

Mr. G. W. McBride, *Secretary-Treasurer,* Industrial Research Institute, Inc.

Dr. L. E. Arnow, *Senior Scientific Consultant,* Warner-Lambert Research Institute

Mr. E. F. Binkerd, *Manager,* Food Research Division, Armour and Company

Dr. D. J. Blickwede, *Vice President, Research,* Bethlehem Steel Corporation

Dr. W. E. Bradley, *Vice-President–Research,* Union Oil Company of California

Dr. K. J. Brunings, *President,* Geigy Research Division, Geigy Chemical Corporation

Dr. R. N. DuPuis, *Vice President–Technology,* General Foods Corporation

Dr. D. E. Eckdahl, *Division Manager of the Electronics Division,* The National Cash Register Company

Dr. E. C. Hughes, *Vice President–Research,* The Standard Oil Company (Ohio)

Dr. G. D. Laubach, *Vice President,* Medicinal Products, Research & Development, Chas. Pfizer & Co., Inc.

Mr. H. W. Leverenz, *Associate Director,* RCA Laboratories

Dr. W. H. Lycan, *Vice President and Member of Executive Committee,* Johnson & Johnson

Dr. D. J. Martin, *Vice President–Research,* Hughes Tool Company

Dr. H. Q. North, *Vice President, Research and Development,* TRW Inc.

Mr. R. W. Olson, *Vice President,* Texas Instruments Incorporated

Dr. F. K. Schoenfeld, *Vice President–Research and Development,* The B. F. Goodrich Research Center

Dr. J. F. D. Smith, *Vice President,* Carrier Corporation

Dr. W. M. Smith, *Vice President and Director of Research,* Escambia Chemical Corporation

Dr. W. N. Tuttle, *Engineering Consultant,* General Radio Company

Dr. Helmut Wakeham, *Vice President and Director of Research and Development,* Philip Morris Incorporated

Dr. H. L. Wilcke, *Vice President and Director of Research,* Ralston Purina Company

CONTENTS

RESEARCH MANAGEMENT
PUBLICATION OF THE INDUSTRIAL RESEARCH INSTITUTE, INC.

Volume IX, Number 1—January 1966

About This Issue 3

Successful Adjustment to Industrial Research: How Can University and Industry Assist?
I. Gorog 5

Research and Development Can Be Controlled
E. C. Soistman 15

Factors Affecting Long-Range Research Planning in the Electronics Industry
R. M. Bowie 29

How a Laboratory's Service Functions Can Contribute to the Efficiency of Researchers
J. F. Flagg 37

Remarks on J. F. Flagg's Paper
R. K. Flitcraft 43

Social Structure and Motivation for Reducing Research Costs
Jay W. Forrester 45

Remarks on J. W. Forrester's Paper
W. Norris Tuttle 61

Book Commentary
Ethical Problems in Engineering, Philip L. Alger
E. M. Kipp 65

Volume IX, Number 2—March 1966

About This Issue 69

Interpersonal Competence, Organizational Milieu, and Innovation
Chris Argyris 71

CONTENTS

Why Look Back? The Function of History in Industrial Research Organizations
JOHN J. BEER 101

The Transition from Graduate School to Industrial Research
J. J. TIETJEN 109

The Industrial R & D Scientist and His Environment
GEORGE T. GMITTER 115

Book Commentaries
Listen to Leaders in Engineering, Edited by Albert Love and James Saxon Childers
E. S. ROWLAND 133

Organizing the R&D Function, A. C. Stanley and K. K. White
C. A. STOKES 134

Volume IX, Number 3—May 1966

About This Issue 139

Strategies, Tactics, and Research
PATRICK E. HAGGERTY 141

Programming Research in a Decentralized Multidivisional Company
DONALD W. COLLIER 161

Research and Progress in the Developing Countries
EUGENE STALEY 181

What Is There for Industry in Oceanography?
F. G. WALTON SMITH 193

Book Commentaries
The Scientific Estate, Don K. Price
J. F. DOWNIE SMITH 201
Commercial Profits from Defense-Space Technology, Edited by W. R. Purcell, Jr.
HUGH R. BOYD 202
The Case for Going to the Moon, Neil B. Ruzic
D. J. BLICKWEDE 204

Volume IX, Number 4—July 1966

About This Issue 209

Similarities and Differences between Industrial and Academic Research
ALFRED H. NISSAN 211

Long-Range Planning for a Consumer Industry
W. S. MARTIN 221

The Research Program and Company Policy
H. M. FINNISTON 229

Research and Long-Range Planning for Petroleum and Petrochemicals
PHILIP C. WHITE 247

Finance and Productivity in Industrial Research and Development
ROBERT L. HERSHEY 261

Volume IX, Number 5—September 1966

About This Issue 273

Presentation of the Industrial Research Institute Medal to Paul L. Salzberg 275

Catalysis of Symbiosis: Industrial Research and Education
PAUL L. SALZBERG 277

Gearing Research into Overall Company Activity
HEINZ GOESCHEL 283

Research in Japanese Industry
SATOSHI KOJIMA 301

Reflections on the Ph.D. Interview
JOHN A. VAN RAALTE 307

Strategic Federal Decision-Making on R&D
DAVID BECKLER 319

CONTENTS

Volume IX, Number 6—November 1966

About This Issue 337

Strengthening the Research-Marketing-Finance Team
C. A. Stokes 339

Organizing Industrial Research in India
S. K. Subramanian 351

Training of Management in Research
G. S. Sanders 365

The Endowment of Science by Invention
Willard Marcy 371

The Schizophrenia of Engineering Education
Edward E. David, Jr. 381

An Exercise in Long-Range Planning
Arthur H. Bobis and Christopher R. Sprague 391

Book Commentary
Techniques for Efficient Research, Lewis E. Lloyd
Corwin H. Bbumley 409
